Better than Growth

Posted on 14 September 2011

Organisation

Australian Conservation Foundation

Purpose

The Australian Conservation Foundation's work on new economics will advance practical, achievable improvements in economic theory and practice to better promote human wellbeing in an ecologically sustainable way.

Project Goals / Aspirations

1 - Better Progress - Improving quality of life, not quantity of wealth

2 - Better Work - Balancing paid and non-paid work, family and leisure time

3 - Better Production - Making cradle-to-cradle manufacturing a reality

4 - Better Consumption - Stepping off the consumer treadmill

5 - Better Markets - Aligning prices with social and environmental impacts

6 - Better Business - Matching private incentives with long-term public goals

7 - Better Taxation - Rewarding work, not waste

8 - Better Regulation - Fixing cost-benefit analysis

How do the Better than Growth goals fit within the MAP2010 framework?

for more information on the MAP2010 frameworks see here
